committee and not a single person who turns people off. Any street and water projects should be done in the interest of lowering our water and sewage costs. 63	Skate park would be cool	10/24/2021 2:56 AM
64	There is no need for these items. There are other options already in place. Let a private organization develop these if there is a need. Quit wasting our tax dollars.	10/23/2021 9:23 AM
65	What property?	10/23/2021 7:37 AM
66	We have great baseball fields, they simply need to be cared for...and yet, I also think more participation would happen if there was better communication and information. Same with basketball. We have 2 great city gyms that could use a face-lift. Kimball has plenty of room to develop and add to. Possibly a splash pad & park that rivals the Moore pirate themed pad/park? The pools could also expand at both sites. I don't think we need to necessarily think "new", but be creative with what we have and make better! I'm not against doing even more with the Frisco land, but let's make what we have better first! Also, I don't understand why a new library is a consideration. The one we have now seems pretty great to me. Spend time and money on the things that are really lacking right now. I I drive to mustang and moore with my kids because of their outstanding playgrounds, pools, and splashpads. We should have this available here!	10/22/2021 8:05 AM
67	No new taxes	10/22/2021 1:40 AM
68	Yukon parks have multiple areas where wood is falling apart, screws are exposed, wood is missing. I have made multiple comments. Someone will come out and put a patch. I think a new plastic or similar type playscape should be built at Chisholm park. My kids love playing there but I'm afraid my 2 year old is going to fall in between the wood planks.	10/21/2021 11:06 PM
69	I think an indoor/outdoor pool with nice splash pad, maybe a place for a movie night outdoor.	10/20/2021 11:33 PM
70	Some of the finless mentioned could be multi purpose. IE: basketball and volleyball could be all in one and soccer/lacrosse/football could share.	10/20/2021 7:05 PM
71	Keep our landmarks. And add more family friendly venues vs. Buisness. There's nothing for the younger kids to do. Maybe add an acrcade and new bowling alley.	10/20/2021 8:45 AM
72	Sell city property for retail development.	10/19/2021 8:24 AM
73	I believe adding places for kids and adults to do is very important! The city needs entertainment facilities, businesses etc. other than restaurants and a movie theater. Adding entertainment facilities will easily make Yukon a destination city since it would be closer for El Reno, Minco, Tuttle to drive than to the city.	10/18/2021 8:54 PM
74	My main concern in pouring money into the west side of town is that families with the least resources need recreation areas the most so that children can walk to safe places to play.	10/17/2021 7:08 PM

## 2021 Yukon Community Survey

75	I do not think the property should be developed because we don't utilize or maintain our current parks very well. If it is developed those are the things I would deem important.	10/16/2021 4:26 PM

78	I think having the facilities above is very important for improving the value of the area. currently we have to go to edmond and okc for this. Activity is very important for young and old. It generates lots of revenue as well. I would NOT do a skate park as those tend to deteriorate and become vandalized	10/15/2021 11:22 AM

94	An active Yukon is a healthy Yukon. I think it would be great to have an area with a free gym, fitness classes, a farmers market, and other community building events. It would be wonderful to have some sort of bussing system to take people to this new area as well so it can be accessible to all Yukonians.	10/8/2021 6:33 AM

112	We already have the highest sales tax in the entire metro, if not the state. We are charged astronomical fees for our water, where does the money go??? We don't need more money we just suck at using the money we already have. Seriously, where does the money go? Our roads are crap and our parks aren't great. I know we overpay our emergency responders and have WAY more than other cities our size, yet I can still drive around Yukon and not see one officer. I do appreciate the survey, I just hope we actually do what the people want.	10/16/2021 4:26 PM
